GENERAL LEE.

The announcement that General R. E. Lee has been struck down by paralysis, and not expected to recover, will be received, even at this crisis, with universal interest, and will everywhere excite a sympathy and regret which testify to the deep impression made on the world at large by his character and achievements. Few are the generals who have earned, since history began, a greater military reputation; still fewer are the men of similar eminence, civil or military whose personal qualities would bear comparison with his. The bitterest enemies of his country hardly dared to whisper a word against the character of her most distinguished general, while posterity regarded him with an admiration for his deeds and a respect for his lofty and unselfish nature which slowly grew into veneration, and his own countrymen learned to look up to him with as much confidence and reverence as they ever felt for Washington, and with an affection which the cold demeanor and austere temper of Washington could never inspire. The death of such a man, even at a moment so exciting as the present, when all thoughts are absorbed by a nearer and present conflict, would be felt as a misfortune by all who still retain any recollection of the interest with which they followed the Virginia campaigns, and by thousands who have almost forgotten the names of Fredericksburg and Chancellorsville, the Wilderness and Spottsylvania. Truer greatness, a bolder nature, a spirit more unselfish, a character purer, more chivalrous, the world has rarely, if ever, known. Of stainless life and deep religious feelings, yet free from all taint of cant and fanaticism, and as dear and congenial to the Cavalier Stuart as the Puritan Stonewall Jackson; unambitious, but ready to sacrifice all to the call of duty; devoted to his cause, yet never moved by his feelings beyond the line prescribed by his judgment; never provoked by just resentment to punish wanton cruelty by reprisals which would have given a character of needless savagery to the war,—both North and South owe a deep debt of gratitude to him, and the time will come when both will be equally proud of him. And well they may, for his character and his life afford a complete answer to the reproaches commonly cast on money-grubbing, mechanical America. A country which has given birth to men like him, and those who followed him, may look the chivalry of Europe in the face without shame; for the fatherlands of Sidney and of Bayard never produced a nobler soldier, gentleman, and Christian than General Robert E. Lee.

THE HORSE THAT HAMPTON AND MORGAN RODE.—The Carlile (Ky.) *Mercury* says: We saw at Millwood, in Mason county, on Saturday last, a stallion whose war record is worthy of fame at once. He was originally owned by Gen. Wade Hampton, of South Carolina, and was rode by that officer on a number of occasions. Sometime during the war Gen. Hampton presented him to Gen. John Morgan, and that noted chief rode him in some of his memorable campaigns. The animal escaped the perils of battle until Morgan's forces reached Cynthiana, when, in the engagement at that place, he was shot in three places, and still bears the scars. On Morgans retreat he took one of the horses of Dr. Ibobyns, of Sardis, and left his wounded charger in his stead. Dr. D. properly cared for him until his wounds healed, and afterward sold him to Dick Lee, of Fleming, for $300, though he is kept by James W. Alexander, of the same county. No amount of money could now buy him. Mr. Lee says: Though the battle scarred steed is twenty-five years old, he is still fleet of foot and holds his head as high as he did in his younger days. Since the war he took premiums at several fairs in Ohio before it was known that he had been a "rebel" horse; but when that became known the directors of the fairs refused to allow him to enter the rings. He is indeed a good old rebel war horse, and his career should be recorded in some history of the rebellion.

THE PENNSYLVANIA ELECTION.—The Republicans of Pennsylvania claim that on the aggregate congressional vote throughout the State at the late election they obtained a majority of 4,293, although the democratic conservatives gained five members of Congress. In the vote making out the result as above stated is set down the majority of 925 for Mr. Cooley, independent republican, voted for by both democrats and republicans. The democrats, however, claim that they carried the State on the popular vote by from 1,000 to 2,000 majority. The majority in the State for General Grant at the presidential election in 1868 was 28,899, and for Congressmen in the same year there was a republican majority of 9,671.

ESTATE OF THADDEUS STEVENS.—More than three years ago Thaddeus Stevens died leaving behind him two executors in Lancaster county, Pa. Of the exact amount of Mr. Stevens's estate, and of what it consisted, no one has yet been able to discover. His executors failed to comply with the law which required them to exhibit a true and perfect inventory of all goods, chattels and credits of the deceased into the register's office within thirty days after the proving of the will. They have for three years and more failed to file such inventory, and the State has been kept out of the money which is due as collateral inheritance tax from the estate of Mr. Stevens.

EX-Governor Henry A. Wise, of Virginia, was invited to deliver the address at the tournament to take place at Leonardtown, Md., November 15th, to assist the trustees of the Point Lookout Cemetery, but writes that he will be unable to accept the invitation in consequence of important professional engagements. In his letter the ex-Governor remarked: "If our liberties are now departed forever, the truth will have to be told in the epitaphs of the Confederate soldiers—that they were the last to fight for them."

Governor Walker of Virginia has written to Mr. James Barron Hope, Editor of the Norfolk *Virginia*, requesting him to visit Baltimore, Philadelphia, New York and other cities for the purpose of soliciting material aid for the relief of the sufferers by the late terrible flood. Mr. Hope accepts the mission and will start at an early day on his errand of thirty.

The Tallahassee *Floridian*, in its issue of the 11th inst., says: "The Republicans of New York have just nominated for Governor S. L. Woodford, the same individual that Littlefield brought down to Florida "to look into the hood business."

At a Radical barbecue the other day a black "man and brother" offered the following toast: "De Gub'nor ob Alabama—He cum in wid bery little opposition; he will go out ob office wid none at all."—*Montgomery Mail.*

A call signed by about a hundred clergymen of New York—principally Methodists, Presbyterians, Baptists and Congregationalists—has been issued for a convention to assemble at Syracuse on the 15th of November next in hostility to all secret association.

WEDNESDAY, NOVEMBER 2, 1870.

CONSERVATIVE CANDIDATE.
For House of Representatives
DR. J. B. DUNN,
SPECIAL ELECTION 28TH NOVEMBER, NEXT.

FRANKLINTON CONVENTION.

The delegates to this Convention are requested to meet together on FRIDAY THE 11TH DAY OF NOV. next, at 12 o'clock M., at Franklinton, in order to nominate a candidate of the Conservative party for the House of Representatives of the United States, in the place of the Hon. Robert B. Gilliam, deceased. A full attendance is anxiously desired. WM. EATON,
October 24, 1870. President.

THE ELECTION.

The election in this District for a member of Congress and in this County for a member of the lower House of the General Assembly, takes place on Saturday the 26th of the present month. Less than four weeks remain for the canvass. In the meantime the people are busily engaged in housing the crops and but little opportunity can be afforded for public discussion. The success of the Democratic-Conservative candidates very much depends upon bringing out the people to the polls. To do this, the people must be seen and talked with personally at their homes as much as possible. Too much must not be left to the candidates themselves to do in so short a time. Every single Conservative voter in the County and in the District must consider himself a committee man to see his neighbors and stir them up to be at the polls and to vote. The election is of the highest importance. Democrats and Conservatives must be at work every opportunity. We must not fail in the election by neglecting to work actively.

AGRICULTURAL FAIRS.

It the number of Fairs professedly Agricultural, held in the South this Fall, be an indication of the growth of our people in the interests of agriculture and the advancement of the mechanic arts, then we hope for a better day, soon to dawn upon the country. Certainly since the war, indeed before the war, the feeling upon this subject was not half so intense, judging from appearances, as now. All classes of society seem to have caught this spirit, and every section is vieing with each other in its outlay and efforts to have a big Fair.

Fairs properly located and properly controlled, are capable of doing immense good in bringing the people together and in exciting a spirit of emulation and enterprise in the improvement of agriculture, horticulture, the mechanic and manufacturing arts. But we should expect to see these great interests vastly more improved and promoted, if greater interest was taken in the formation of Agricultural Societies in every county and neighborhood, and by the monthly coming together of farmers, mechanics and others to compare notes, discuss facts and experiments, read essays, &c., and to exhibit proofs of skill or of success in every branch of industry.

Fairs are very expensive and we doubt the policy of having too many in a given section. Their increase will tend greatly to the revival of the old spirit of sporting and of the turf and the attendant evils of gambling, all which must tend to demoralize society and make the country poorer.—Our true policy in the South is more work and less frolic and fun. Waste and extravagance fit ully a people who are over taxed and burdened with debt.

WELL DONE WEST VIRGINIA!

The old pan Arab's has been released and disenthralled from the clutches of Radicalism, by the earnest efforts of the Conservatives and Democrats of West Virginia. The route of Radicalism is complete and the more gratifying as it was not generally looked for. A Democratic Governor, Democratic Legislature insuring a Democratic Senator, and nearly if not quite an entire Democratic delegation in Congress, are the fruits of the triumph. We take it to be a good effset to our defeat in South Carolina, where we looked for nothing, after the wicked and corrupt efforts of Scott, Grant & Co., to stifle the popular voice in our down trodden sister State. The ball started in North Carolina in despite of the efforts of Holden and Grant, is thus rolling on. Its momentum will be increased as the coming elections transpire. We are not without hope, that the next House of Representatives will be Democratic.

We *dare* the *Sentinel* and its extreme, violent, revolutionary friends in the Legislature to call a Convention. They are afraid to call one. They dare not do it.—We dare them to proceed with their wholesale plan of impeachment. We dare them to attempt the game of the Tennessee Ku Klux and Democrats. They know better than to do it.

The people need not be uneasy. The Democrats will not call a Convention.—They are playing "possum."—*Standard.*

Cowards brag and foam to keep their courage up. The Democratic Conservatives will take up the gauntlet of the *Standard* and push it to the wall. The people demand both a Convention and impeachment, and they will have both. But in this there is no violence. The soberness, wisdom and sense of justice and right of the people demand both. The future peace, prosperity and dignity of the State demand both.

MAJ. SMITH AND THE LEASE.

We make room to-day for the letter of Maj. Smith, President of the N. C. Railroad, in answer to our article of a few days ago, in regard to the much talked of lease of his Road to the Richmond and Danville Company. If we did him wrong in representing him as favoring the lease, the wrong was not permanent, as we now give him a chance to set himself right on the subject before the public, many of whom understood him as favoring the lease. We are glad to learn, also, that he will oppose the mad and suicidal scheme of dividing up our great State work, to be run by outsiders for the benefit of other Roads and other people to the manifest damage of those for whose benefit the expense was incurred in building it.

We cannot exactly appreciate the policy of the Directors, and, as it seems, of Maj. Smith, in consulting with only the "leading" Stockholders of the Company, in a matter so vitally affecting the interest of the Road, because we conceive that every man who owns a share of the stock has as much right to be heard, in proportion to his interest, as a "leading" Stockholder may have.

As to the sum for which it was proposed to lease the road, we got our information from the Greensboro *Patriot*, and we suppose there must have been some ground for stating the definite amount at $200,000, or the statement would not have been made. But whether the amount offered be two hundred or four hundred thousand dollars, the principle is the same, and the act proposed equally impolitic.

But, as we said before, we cannot believe that the Stockholders will seriously entertain the idea of cutting the road in halves at Greensboro', thus virtually killing one half, for a very doubtful and transient advantage, if advantage at all, on the other. In regard to Maj. Smith's plan of buying up the line from Charlotte to Augusta, we shall have nothing to say until we hear of those interested in that line signifying some desire to sell "at a reasonable price."

The Democratic press are not a unit for a Convention. The *Old North State*, Wilmington *Star*, Weldon *News*, Fayetteville *Eagle*, and battleboro' *Advance* oppose the calling of a Convention. Whether these papers will show themselves to be whipped in by the SENTINEL and other extreme papers, is a question of time. The people are tired of Conventions. They want rest. The Legislature can do all that is necessary for the prosperity of the State. A Convention will entail an expense upon the people of one hundred thousand dollars.—*Standard.*

There are several misstatements of fact in the foregoing. We have not seen a word in a Democratic paper of the State, which opposes the amendments to the Constitution which we advocate, nor has the *Standard*. Nor do either of them oppose the call of a Convention to effect those amendments. They express opposition and doubt as a matter of policy, to calling the Convention *now*. That is their position, as we understand them. They are entitled to their own opinion, nor will the menaces and threats of the *standard* enlist them on its side. The people are tired truly of Radical Conventions and Radical Constitutions. They want rest from Radical office holders, Radical waste and extravagance, Radical thieving and corruption, Radical judges and civil codes, Radical county and township governments and Radical taxation and ruin. They will have it, if it costs one hundred thousand dollars, as it would be a saving to them of millions.—But a Convention such as we advocate would not cost $30,000. The Constitution so hampers and binds an *honest* General Assembly, it cannot do scarcely anything to relieve the people, unless they do as the Radicals did, ignore the Constitution.

CONVERTION.—A correspondent of the last Jefferson *Times* is urging the organization of a new State out of the Western portions of North Carolina and a part of Virginia and of East Tennessee, says:

"Our Legislature, I hope, will call a Convention, and change the Constitution, (not only in this matter, but in all other matters in conflict with the interest and welfare of the people.")

The writer is doubtless a Republican.—All reflective men who are more interested in the well-being of the people of the State than in a party, whether Democrats, Conservatives or Republicans, will agree with this writer, that a State Convention should be called to amend the Constitution in all matters which come "in conflict with the interest and welfare of the people." This is what we advocate. We differ, however, with him in the formation of a new State. We had all better be sure first that we shall have States at all long, before we divide old to make new ones. The tendencies are under Radical rule to an Empire, in which all power will be concentrated in one head, when State lines and State governments will be obliterated.

THE CENSUS.—We observe that several of our correspondents in the State obtain from the census takers the census and statistics of various counties in the State and publish them, but when we apply for the city, &c., we are told that Marshal Carrow forbids the publication. Why is this? If the returns in any city or county are complete, why not publish them? It is such information as most persons desire and we can see no good reason for keeping them from the public. Why is it?

THE SEASON.—We have never known so favorable a season for the crops and the farmers within our recollection. It has materially aided the cotton and corn crops as well as tobacco. Frost has delayed its appearance longer by a fortnight than usual, and the mildness of the season has been favorable in every way.

The Lynchburg (Va.) *Republican* establishment is for sale.

The amount due the State of Virginia by defaulting Sheriffs since 1865 is $302,509.22.

RECONSTRUCTING.

From the New York papers we gather that President Grant is reconstructing New York on the patent plan that has been adopting generally for the Southern States, with the exception of some of the prelimenaries. We have had it here on the Congressional plan; the League plan; the roguery plan and the military plan, with frequently an admixture of two, and at others all the plans at once. The last plan tried was that of the military. Holden rigged up the State troop engine, with Kirk, Clarke and Burgin as engineers, and Pearson, Dick and Settle as conductors, but they ran off the track and failed to make connection, greatly to the disappointment and chagrin of the Stockholders, Holden, Pool, Abbott and Grant.

We have no particular fancy for Radical modes of reconstruction, especially since we have witnessed their operation in our own State, and so convinced are we that our Northern brethren have no proper conception of what we have had to undergo since the work of reconstructing us commenced, we have no objection to their having a little practical experience in the matter, that they may "see how it seems."

The President and the Rads seem disposed to try how much the people will bear, and as they have now shifted the field of their experiments to the great Empire State, we are a little anxious, also, to see how they will take it.

For the Sentinel.

MAJ. SMITH'S LETTER.

EDITOR SENTINEL:—SIR:—In an article headed, "Lease of the N. C. Rail Road," you do me great injustice. A plain statement of facts will I am certain be published by you, to correct any mistakes made in your article calculated to place me in a false position. At our last annual meeting held at Hillsboro the following preamble and resolution was passed by the Stockholders, which will be found in the printed reports on page 4. "On motion of Col. John L. Morehead the following resolution was adopted.

WHEREAS, It is material to the interest of this Company, that its relations to connecting lines, built and projected from Greensboro should be so fixed and determined as to protect its business from unnecessary injury in the future. Therefore,

Resolved, That the President and Directors be, and they are hereby authorized to make and execute, such contracts, agreements and arrangements, with the Richmond and Danville Rail Road Company, the Piedmont Rail Road Company, and the N. W. N. C. Rail Road Company, or either of them in reference to the use, operation and conduct of this Company's line between Greensboro and Charlotte, and of the line of the said North Western North Carolina Rail Road Company, as in their judgment will best protect and promote the best interest of this Company, provided that any permanent arrangement which may be agreed on under authority of this resolution shall be submitted for ratification to a meeting of the Stockholders to be called for that purpose."

At a meeting of the Board of Directors of this Company, Mr. Bolo, President of the Northwestern North Carolina Railroad Company, made his proposition. It was taken under consideration, discussed and rejected.

At the last meeting of the Board of Directors, Col. Buford, President of the Richmond and Danville Railroad Company submitted the propositions of his Company to them for consideration. The Directors wishing to consult with leading Stockholders of their Company before taking any action appointed the 8th day of November at Company Shops for another meeting, of the Board of Directors, for the purpose of taking in consideration Col. Buford's proposition, and instructed me to solicit the attendance of the most prominent Stockholders upon that day, to co operate with them in their deliberations. According to instructions, I have caused some of the most prominent gentlemen and Stockholders of the Company to be notified accordingly. Among them Gov. Graham, Hon. Paul C. Cameron, Col. John C. McRae, Gen. Rufus Barringer, Col. J. L. Morehead and others. Among our Directors there are some of the largest Stockholders of the Company. I am satisfied that neither the State or private Stockholders will suffer by these gentlemen. And what they may do, will be done independent of any opinions I may have upon the subject. I have not "hatched up any project to sell or lease" this road. In making this assertion you do me injustice. Propositions are made by other Companies to lease, &c. I have no power to prevent them from making these propositions. I suppose there will be no objection to my having opinions upon these subjects. I have expressed them fully in a letter to Gov. Graham sometime since, and asked his advice upon the subject. Whatever that advice may be, I shall be controled by it. I think the true interest of this Company is to buy or lease the Charlotte, Columbia and Augusta Railroad. Thereby enlarging our corporation and extending our business. You will see by the following extract from my last annual report to our Stockholders the opinion which I then entertained, as follows:

"It is very important to you that the Roads from Augusta Georgia, to Portsmouth, Va. should be worked as one Road. I see no way to accomplish this with the present management. I would, therefore, respectfully recommend that our Company purchase the Road from Charlotte to Augusta, if it can be bought at a reasonable price.

Should you think proper to purchase this Road. I would advise that the gauge be changed to the same as our Road. When we can run cars without breaking bulk from Augusta, Georgia, to Portsmouth, Va., this would double the income of your Road, and enable you in a few years to pay off the bonds that it may be necessary to issue to meet the debt caused by this purchase."

I have not changed this opinion, and have so expressed myself to our Board of Directors and others, who are the most interested in the success of this Company.—Col. Buford, President of the Richmond and Danville Railroad Company, has not made any proposition to this Company that *I would accept*; nor have I heard a single Director express himself in favor of leasing the Road from Greensboro' to Charlotte for two hundred thousand dollars per annum. I think you need not have any fears of the road being leased, unless the Stockholders get what they think is the full value of it. And I am satisfied, that if a million of dollars was offered for it per annum, and the proposition was left to the politicians of the State it would be rejected. I have always thought, and still think that the North Carolina Railroad should be under the control and management of the private Stockholders, and I am in hopes for the interest of the Company, and the State, that the private Stockholders will be allowed to elect a majority of the Directors, when it would be out of the hands of the politicians, and there will be no fears then from any quarter of my, or any one else "hatching up propositions to sell or lease it" without full consideration, or fears, that *its debt* would be increased by the bad management of some politician, who knew nothing about the management of anything, *especially a Railroad.*

In conclusion allow me to assure you, that I shall not advocate the lease or sale of the North Carolina Railroad, but will submit cheerfully to the decision of the Stockholders who own it.

Respectfully yours,
W. A. SMITH, Pres.

FROST.—We had more frost on yesterday morning than we have had before. We may look for cool, freezing weather [illegible]

PIANOS.—On Monday we stepped in at the Piano Wareroom of Mr. James Pirsson, corner of Hargett and Salisbury street, known as the Wheaton house. Mr. Pirsson has a number of fine instruments on hand, of the manufacture of the Great Union Manufacturing Company of New York.—They are of very fine tone and finish, not exceeded in either respect, perhaps, by any instruments made. Mr. Pirsson himself is known to our people as a good musician and an excellent judge of musical instruments, and may be relied on in any statements he may make in regard to his pianos. Persons desiring to purchase one would do well to call on him.

"WAMPOO BITTERS."—There has a new brand of stomachic bitters, of this name, said to be good for several irregularities the stomach is heir to. It is very good for helping digestion and whetting the appetite, and although pretty bitter is not unpalatable.

GEORGE W. MORDECAI, Esq.—Our highly esteemed fellow citizen has been prostrated for some two weeks by a painful disease, with which he has been afflicted for several years. We are glad to be able to state, that for several days past he has been more comfortable and it is hoped he will soon be up. Our community deeply sympathise with him in his affliction. His physicians have at no time considered him dangerous. We allude to the matter, to correct a statement which we find in an exchange which makes a different impression. So valuable a citizen as Mr. Mordecai could not be severely afflicted, without exciting anxiety at home and abroad.

HOTEL ACCOMMODATIONS.—No city in the South can boast of superior Hotel accommodations to the city of Raleigh, and at no period since the founding of the city have they been equal to what they are at the present time.

The *Yarborough House* which was so handsomely kept by Maj. Blair, maintains its celebrity under that splendid caterer, Dr. G. W. Blacknall. The house is in fine order and the comfort of guests is fully considered.

The *National Hotel* is one of the neatest Hotel buildings in the State. It was furnished splendidly and opened by Maj. Blair, and is now finely kept by Mr. Rutjes who is [illegible] in the culinary line. Mr. R. is said to be an excellent host.

The *Exchange* is revived under the auspices of Maj. J. M. Blair, who has no superior as a Hotel manager. The house is in excellent order and his guests are always pleased.

The *City Hotel*, late Cook's, has been refitted, and is well kept we are told by Mr. Max Schluss, who is said to be an excellent provider.

Besides these the excellent private Boarding Houses of Mrs. Evans, Mrs. H. W. Miller, Mr. W. J. Young, Mrs. Kentrass, Mrs. Jenkins, at the Iredell house, Mrs. Whitaker, at the old Jack Hutchings House, Mrs. Tompkins, Mrs. Rowe, and others not recollected, are equal to anything of the kind any city can boast.

It is but just to say, that to Maj. Blair much is due, for the impetus given to superior Hotel accommodations in the city.—Long before Maj. Blair took the Yarborough, matters in this regard, were but so and so. Now Raleigh can vie with any city and the several hosts vie with each other, to please their guests. Success we say to them all, and success to Raleigh.

THE RURAL CAROLINIAN for November is early on our table. It is a highly interesting number and full of valuable hints. No Southern planter or farmer should be without it. Many of its articles singly, are worth the price charged for it. It is both scientific and practical, and is a highly readable journal because of the taste displayed and the compact character of its articles. Order it from Messrs. Walker, Evans and Cogswell, Charleston, S. C enclosing $3 for a year's subscription.

COTTON.—One thousand bales of Cotton were sold in Charlotte last week. Good.

An Autumn Suggestion.

Now, as heavy fogs wise and [illegible] winds commence to blow; now, as the human body, exhausted like inanimate nature by the heats of summer, begins to wilt and droop; now, are the indolent winter wakes its trying onset; now is the time for a preparatory course of the best acclimating medicine in existence: Hostetter's Stomach Bitters.

Fever and Ague is rampant in all parts of the country. Quinine, the physicians admit, will not quell the phase of the disease which at the present pervades the entire West. It is well that it is so, for the remedy (so-called) is deadlier than the malady. But if quinine is inefficient in intermittent fevers, Hostetter's Bitters is irresistible. It would be safe to make a contract, under heavy penalties, that any given "Fever-and-Ague District" should be exempted from the disorder for any particular time, provided every inhabitant would take the Bitters according to directions, during the term of the contract.—There has never been an instance in which this sterling invigorant and anti-febrific medicine has failed to ward off the complaint when taken duly as a protection against malaria. Hundreds of physicians have abandoned all the officinal specifics and now prescribe this harmless vegetable tonic, and nothing else, as a preventive and cure for all the forms of chills and fever. Vigor is the thing most needful in these cases, as well as in dyspepsia and nervous affections, and Hostetter's Bitters are the safest, surest, and most wholesome strengthening preparation that human skill has yet concocted.

THAYER'S CIRCUS.—This travelling combination of acrobatic, gymnastic and mirth provoking artistic talent, makes its grand entry and pitches its tent within the corporate and tax levying limits of the City this morning. It is not everybody that goes to circuses, (some people have religious scruples on the subject) yet many who, themselves, would not go, feel that there is no harm in going just once to carry some young members of the family, that they may see a circus once in their lives.

We don't know yet by what street the grand cavalcade will enter the city, but that will be ascertained pretty soon by the sounds of soul stirring music from the excellent band of the circus, in the swan shaped van or Band wagon, drawn by eight splendid horses, educated to the exercises of the Ring, and guilded, according to the pictures in some of the advertisements, by two experienced drivers.

The tent will be pitched on Nash Square, if no intervening Executive order shall interfere, and from its capacious size and the usual commotion attending such occasions will attract a considerable crowd, drawn together by curiosity, and will be the cause of many anxious urchins missing their dinner.

When the tent is erected and everything in readiness inside, the ticket wagon will be drawn up at a convenient point, and the sale of tickets commence. We advise all who intend going in to press to the wagon at once, as the number of tickets has a limit, and some who come late and have not money enough might fail to get in. It is better to be an hour too soon than to be a minute too late.

We have not space to enter fully into a description of the merits and attractions of this splendid travelling combination caravansera, nor to give a particular description of varied artistic talent engaged in its exhibitions. We can only allude to these laconically, obtaining most of our information from the splendid pictorial advertisements and laudatory local notices in our exchanges.

Dr. James L. Thayer, the manager, is a circus within himself. To use the language of the bills, his "reputation as a clown and humorist is unapproachable." That is, it is not approachable practically, but the audience may approach sufficiently near, by paying the price of admission, to hear his side splitting jokes and rib-tickling repartees, that spring up so impromptu ly and without premeditation, on every occasion that calls them forth. It has been said that some who attended his exhibitions on his first advent into the State got their countenances so wrinkled up by uncontrollable laughter at his mirth-moving jokes and smart sayings, that they have not been able to get them smoothed out yet, and that they have been going about with broad grins on their faces ever since, presenting such ludicrously funny appearances as to have kept their neighbors in a hearty guffaw for days together. What is remarkable, none of these have had the ague and fever since they took the laughs from Thayer's jokes, though residing in the eastern or malarial region of the State. We advise those who are troubled with chills and fevers; intermittent fevers; fever and agues, or third day ague and fevers, to go round to-day and take a good dose of laughing at Thayer's funny sayings and comical doings, and thus supercede the necessity of using quinine and blue mass.

But Thayer is not the only clown of the company. Tom Barry, "merry England's favorite clown" is along and will make good the saying concerning him of being "the funniest man in Christendom." Why, he made "a successful debut at Lent's New York circus and delighted the public," and actually subserved the purpose of a galvanic battery, having "electrified the American fraternity."

Of the other celebrities of this world renowned combination of talent, we may mention the riderss shorman, Mr. S. P. Stickney, who is unequalled as an equestrian director and said to be the best Ringmaster in the country. It is he who, whip in hand, will direct the movement of the performing horses, and by his straightforward and honest simplicity of purpose, give the clowns so many occasions to practice their funny tricks and perpetrate their off hand, unpremeditated jokes on him. We can hardly help laughing now, in anticipation, merely thinking of them.

We may also mention La Belle Loyale, the beautiful lady equestrian, who dresses so finely, rides so beautifully, and springs so buoyantly, lighting on her horse so gracefully, as to present to the mind a picture, such as we sometimes see on fancy candy boxes, of an angel hovering in the air with some celestial gift to a poor disconsolate mortal, who is not in the least expecting it. She is from the *Cirque Napoleon* of Paris and the Imperial Amphitheatre of St. Petersburg—direct from both places, according to the public announcement.

Wm. Naylor, another of the "first characters," will, as the old song has it," ride three horses at once, with a leg upon each."

We have not space at present (writing for only one free ticket for every five lines) to give a separate and special notice to each of the other performers, especially the trick pony and the light draft dogs, which are said to be equal to Paxton's Twist on a "best three in five," and excluded, at several of the annual Fairs, from competition for Society's premiums, on account of making a record of less than 2 40.

The fact is, we don't wish to mention all the attractions that will be opened for the admiration of the public, to-day, on Nash Square, for fear that many might be so well satisfied with our graphic description as to conclude not to go and see the show itself. It may not be amiss to say that we have not mentioned half that is to be said and done, nor a tenth of those who are to say and do the various interesting things that are to be said and done.

There are Mons. Leon Giavelli, John Saunders, Miss Lottie Sheridan, Hogle and Burdeau, Dick Sands, the Bendey brothers, the Comic Mules, Uncle Sam and Shoo-fly, Master Johnny Booker and Mr. Billy Potter, (the latter a very proper name to take charge of the large congregation that will assemble under the canvas,) not to speak of the number of performing horses and corps of auxiliaries.

This splendid Company will be at Morrisville Friday and Durhams Saturday.

They stay here two days,—to-day and to-morrow.

Tuesday Evening Dispatches.

CALIFORNIA.

SAN FRANCISCO, Nov. 1.—The city is excited over the Mercantile Library Gift Concert. One hundred thousand persons are in the Pavilion, and the streets around the newspaper and telegraph offices are blocked. The ticket drawing one hundred thousand dollars in gold, No. 134077, was sent in a package to New York.

FOREIGN.

LONDON, Nov. 1.—Details from various sources show that to the last the commanders at Metz deceived the troops, pretending while negotiations were progressing to surrender plans to cut out.

The *Independance Belge* charges that Gambetta was right in charging Bazaine with high treason. The people of Metz followed Bazaine through the streets howling "traitor."

As soon as the tidings of the capitulation of Metz fell like a thunderbolt.

FLORENCE, Nov. 1.—Brigands massacred 11 persons near Marsico Nuovo, a city in the Province of Naples.

TOURS, Nov 1.—The government receives numerously signed memorials from adjacent departments, urging for a prosecution of the war to the bitter end.

LONDON, Nov. 1.—Bazaine and suite have arrived at Cassel. Canrobert, McMahon and Lebeuf are hourly expected at Cassel. One corps recently investing Metz, has been detailed to escort the Metz prisoners. Two corps go to Paris and the remaining four corps will be divided between the armies operating in North and South France.

The latest Chancellerie says that the Chinese authorities are pursuing a vacillating policy towards foreigners. An impression prevails that the contemplated general slaughter is a falsification.

NEW YORK.

BUFFALO, Nov. 1.—There was a short and sharp earthquake at 5 o'clock to-day. Doors and windows were shaken. No damage was done.

FOREIGN.

TOURS, Nov. 1.—It is reported that Bourbaki has resigned. He found it impossible to stem the current of ill-favor attaching to his connection with Bazaine. It is openly asserted that Bourbaki knew of Bazaine's plan of surrender.

The *Francais* says that the popular feeling towards Napoleon is not mere coldness but hatred and contempt. The "Woman's club" at Marseilles, proposes to erect a guillotine and behead the Bishop of that city as a commencement of the work.

LONDON, Nov. 1.—The probabilities are that Lyons will be selected as the next place for the French government to locate at. *The Standard* says that the Prussian Landwher reserve has been called out.

Dates from Paris up to Thursday state that the city is well supplied with vegetables and that fresh meat is regularly served to the soldiers and people. There is no opposition to the sentiment that the war must continue until Prussia proposes some terms of honorable dishonorable.

Preparations for the defence of Lyons continue unabated.

BERLIN, Nov. 1.—The Empress Eugenie arrived at Wilhelmshohe and visited the Emperor with Bazaine on Sunday.

PAIN KILLER
PURELY VEGETABLE
1840 1870

THE PAIN KILLER.

This celebrated medicine has won a deservedly high reputation as an alleviator of pain and a preserver of health. It has become a household remedy, from the fact that it gives immediate and permanent relief. It is a purely vegetable preparation, made from the best and purest materials, safe to keep and to use in every family. It is recommended by physicians and persons of all classes, and to-day, after a public trial of thirty years—the average life of man—it stands unrivalled and unexcelled, spreading its usefulness over the wide world. Its large and increasing sale affords positive evidence of its enduring fame. We do not deem it necessary to say much in its favor as one small bottle will do more to convince you of its efficacy than all the advertisements in the world. Give it one fair trial and you would not be without it for ten times its cost.

Directions accompany each bottle.

THE MOST VIGOROUS AND PROGRESSIVE COMPANY IN THE WORLD.

The Equitable

LIFE ASSURANCE SOCIETY OF THE UNITED STATES

120 BROADWAY, NEW YORK.

BURROUGHS & SPRINGS,
GENERAL AGENTS,

CHARLOTTE, N. C.

TWENTY-ONE REASONS FOR PREFERRING THIS COMPANY TO ALL OTHERS.

1. Its cash assets are upwards of $13,000 000.00 and constantly increasing.
2. None of this is made up of promissory notes as in many Companies.
3. Its cash income per annum is over $ 5 000 000.00 and steadily growing larger.
4. None of this is composed of the notes-of-hand of policy-holders, as the case in many companies.
5. It has paid to widows and orphans, and other claimants under policies on deceased members, about $4 000 000.
6. Death payments are made in cash, and not partly in cancelled notes, as is the case in many companies.
7. No deductions are made from the face of a policy for premium notes when it becomes a claim, as is the case in all Note Companies.
8. The sum of $1 500,000, and upwards, in cash divided among policy-holders, (this included the dividend for the present year), as profits of the business.
9. All the profits of the business are annually divided among the assured. Equitable, instead of being wholly or partially distributed among the stockholders, as is the case in all "Mixed" and "Proprietary" Companies.
10. Dividends are invariably available as cash in payment of premiums.
11. The dividends are made from the start and not postponed until after the lapse of several years, as in many Companies.
12. The Society deals Equitably with its policy-holders.
13. The Equitable has made more progress since its organization than any other Life Company in the world.
14. Its risks have been so carefully selected and its dealing so equitable, that it has never been obliged to contest the payment of a claim at law.
15. Its modes of applying dividends are more numerous and more advantageous than those of any other company in the world.
16. It issues all the popular styles of policy, including "Ten Year Non-Forfeiting" and "Endowment policies."
17. The amount of new business during the year ending "December, 1, 1869, was $31,021,141.00.
18. Its policies in force are larger in amount than those of any other company, showing that capitalists select the Equitable for purposes of investment.
19. The profits of the business are apportioned to the assured on the "Contribution Plan," which is conceded to be the only equitable mode of division, and not by the mode adopted by many companies, which is grossly unjust to a large proportion of the policy-holders.
20. It is as liberal in the conduct of its business as is consistent with safety to the assured, and does not sacrifice proper cautions to an ambition to increase the nominal amount of its business as is the case with many new companies.
21. It is the favorite company in the United States, as is shown by its new business for last year, being nearly $13,000 000 greater than any other company.

NOTICE TO CAPITALISTS.

I SHALL Proceed to sell to the highest bidder for cash, at the Court House door in the town of Louisburg on the 1st Monday in November next, it being the 7th day of the month, some Twenty or Twenty-five Thousand Acres of valuable Land, among which is the well known Portis Gold Mine, lying in Franklin county on the waters of Fishing and Tabacco Creeks, containing nine hundred thirty-three and one-third (933⅓) acres together with all the Machinery and appurtenances.

Also all the chattle property. This property is so well known that any particular description is deemed unnecessary. The entire tract is rich in Gold, and all the difficulty is a full supply of water. We are informed that an Independent Water Company is now surveying a ditch from Sandy Creek, to supply this and other Mines in the neighborhood with water. When this is done and it will be accomplished in a few weeks, this property will be immensely valuable. The property will be sold for cash and unless parties from a distance come in competition, it must be greatly sacrificed.

FOR THE IMPROVED

"UTLEY COTTON PRESS."

THE "UTLEY PRESS" so well known, and which gave entire satisfaction last season, can be obtained of me at Raleigh, or my Agents, Messrs. Mitchell, Allen & Co., Newbern, with its improvements.

Price $175.00.

This invention of power, whereby all friction is overcome, its simplicity, economy and durability, astonishes all who see it; and the more so, that a power so simple should have remained so long unappropriated. The strain is wholly borne by the Bed Plate, Follower Block, and two 1¼ inch square iron bars, which is capable of sustaining a strain of 150,000 lbs. Thus giving much more strength than is required. WITH THIS PRESS TWO MEN CAN PACK A BALE OF COTTON WITH LESS THAN EIGHT MINUTES WEIGHING FROM 400 to 550 lbs.

One man can do the work, only requiring longer time.

It occupies a very small space, and can be so placed as to receive the line breast from the Gin or Lint Room, as may be desired. Thus doing away with baskets, and frequent handling of the cotton.

It is light in weight, can be taken down or put up in 30 minutes and transported on a two Horse Wagon.

I believe it unequalled by any Press for power, convenience and durability.

Press complete—Depth Cotton Box 8 feet; Size Bale 44 feet 12in.x28in.x8in.; wt. Bale 400 to 550 lbs

NON-EXPLOSIVE COMBINATION BURNING FLUID

THE CHEAPEST, BEST AND SAFEST ILLUMINATING AGENT IN THE WORLD!!

No more Exploded Cans!—No more Exploded Lamps!
No more Smoke!—No more Grease!
No more Fires!!

EVERYBODY PREFERS IT AFTER GIVING IT A TRIAL!

IT costs less!—It lasts longer!—Gives a more Brilliant Light!—May be burned in hand lamps, without chimney.

Guaranteed to make a better and safer Light than Coal Oil and to be NON-EXPLOSIVE!!!

No accidents have ever happened with it.

Protected by Copy right for 28 years from May 9th 1865.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivaled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and unobjectionable to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in recommending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a *safe and brilliant* illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

POLICIES VALUABLE IN LIFE, AS WELL AS AT DEATH!!

THE BROOKLYN LIFE IS THE ONLY COMPANY IN AMERICA WHICH GUARANTEES

DEFINITE CASH SURRENDER VALUES,

IN CASE A POLICY IS FORFEITED FOR NON-PAYMENT OF PREMIUM.

The BROOKLYN LIFE enjoys the highest reputation *for judgment of investment, economy of management,* and skill and care in the selection of risks,—upon which elements of administration the security of a Life Insurance Corporation depends.

The laws of New York compel Companies in that State to calculate the Cash value of their Policies, each and every year, *and a certain legal standard of reserve and accumulation must be held by the Companies to meet their liabilities.*

Insurers in looking around for Companies in which to insure, should carefully seek for this important safeguard. It will be found in the BROOKLYN LIFE.
